# TAP into your creativity by learning, creating, and experiencing art!

## Who We Are

Tri Arts Project (TAP) was founded in 2022 to answer a rallying cry from the community: Castle Rock lacked and wanted a unifying center for the arts. For the next two years, TAP worked with its community, local government, businesses, and other art-focused nonprofits to make its mission a reality— to provide space and opportunities for the education, creation, and presentation of the arts. TAP partnered with the Town of Castle Rock Parks and Recreation Department to open its doors at the historic Cantril School Building in September 2024, making it a home for artists, educators, students, and community members to gather together to make, teach, present, and appreciate all forms of art.

## What We Do

TAP is dedicated to fostering a vibrant arts community in Castle Rock and Douglas County. We bring together artists, educators, students, and community members to explore and celebrate artistic expression in all its forms. Through inclusive classes, workshops, events, and exhibitions, we strive to make art accessible to everyone, regardless of skill level or background. By showcasing the transformative power of the arts, we aim to strengthen community identity and promote individual growth. At Tri Arts Project, we believe in the power of art to enrich lives and bring people together.
